8. Description of regional or local impact: Discover Miami builds bridges between Miami-Dade's diverse communities and cultures. The event serves as a vehicle to bring visitors into neighborhoods they are unfamiliar with and which often see little cultural tourism. Discover Miami is being developed as a major tourist event and will attract significant numbers of visitors from both inside and outside the county. The influx of thousands of people into the neighborhoods (and Downtown) introduces them to the unique offerings of Miami-Dade County. It is quite likely these new visitors will return again and again to dine, shop and attend other cultural offerings. This long term goal is important and can generate increased traffic for business by introducing them to new customers well beyond any one day's sales. In addition to the economic development from increased visitors, Music Fest Miami partners with a Community-Based Organization to co-present each showcase. This partnership provides significant funding to each organization and thus enhances the overall benefits afforded each respective neighborhood through economic development.
9. Daily/hourly event schedule, including set-up and breakdown schedule (attach event calendar, if applicable): See attached.
10. Detailed description of event venues (map or schematic of event venues, access points, surrounding roadways and traffic flow diagrams, if applicable): See attached.
11. Expected number of participants and estimated attendance (per day, if applicable): Over 6,000 people attended Discover Miami 04, and upwards of 10,000 attendees are expected this year. In the past, reservations for bus tours exceeded available seating. In order to accommodate the popularity of the bus tours and free shuttles, Miami-Dade Transit is providing 20 busses and 6 shuttles. As such, we expect full capacity of the busses, transporting approximately 1000 participants to each site, in addition to the thousands attending each site at any given time during the event.
12. Itemized budget, including total event budget, total budget of host organization, if applicable, and total commitment of resources (attach additional pages as needed): See attached for Discover Miami 2006 Budget and itemized commitment of resources.

The Office of Strategic Business Management (OSBM) has reviewed the attached in-kind request and recommends for the item to move forward to the Board of County Commissioners for consideration. The countywide in-kind reserve balance allows for the funding of this request.

## Background

A waiver for in-kind services is being requested by a not-for-profit organization Music Fest Miami, Inc. for their Discover Miami event scheduled for March 25, 2006.

In-kind services have been requested in an amount not to exceed \$16,920 from the Miami-Dade Transit Department for bus services between event sites. This event will be funded from the countywide in-kind reserve.

As part of the FY 2005-06 Adopted Budget the Music Fest Miami received an award of \$200,000 from the General Fund Discretionary Reserve.
